The stars of the **Gladiator Burger Dixie Menu** are, of course, the burgers. Each one is built with 100% fresh beef patties grilled to juicy perfection. The Major is a solid choice for classic burger lovers-simple, hearty, and balanced with melted cheese and all the right fixings. Then there’s the Warrior, which kicks things up with bolder flavors and a satisfying combination of crispy bacon and savory sauces. The Liberator offers a rich, indulgent taste with layers of gooey cheese and perfectly seasoned meat, making it a top pick for those who like a little extra indulgence. The Undeclared truly lives up to its name, a powerhouse burger stacked tall and unapologetically loaded. But the real showstopper is the Gladiator, the restaurant’s signature creation. It’s a masterpiece of meat and craftsmanship-a towering burger packed with flavor, texture, and attitude. Every bite delivers a perfect balance of smoky, cheesy, and juicy goodness, leaving you feeling like you’ve conquered a feast worthy of its name.

Not just limited to beef, the **Gladiator Burger Dixie Menu** also shines with its chicken selections, each with a unique character. The Chicken Shield is a crowd-pleaser, with crispy chicken breast coated in flavorful breading and topped with fresh lettuce, tomato, and signature sauces that complement the crunch perfectly. Entertain Me is more playful-something for those who like a creative twist on the classic chicken sandwich, packed with bold flavors that make it stand out. Chicken MacMy Lady is pure comfort-a combination of crispy chicken and creamy mac-and-cheese flair that brings a deliciously messy joy to every bite. Then there’s The Arena, where spice,

crunch, and zest come together in a sandwich that feels like a flavor battle you'll gladly lose yourself in.

If steak sandwiches are more your thing, the **Gladiator Burger Dixie Menu** has you covered there too. The Legend lives up to its name-a perfectly grilled steak layered with caramelized onions and melty cheese that gives you the best of both worlds: hearty and elegant. The Fearless Knight packs more punch, full of bold seasoning and that juicy, tender bite only a well-cooked steak can deliver. Meanwhile, Revolution offers a modern take on the classic steak sandwich, featuring smoky undertones and a sauce that ties everything together with a rich, satisfying finish. Each of these sandwiches proves that Gladiator Burger isn't just about burgers-it's about celebrating meat done right.

No great burger experience is complete without the extras, and Gladiator Burger Dixie makes sure of that with its "Extra Armour." Here, you can upgrade your meal with toppings like Sautéed Jalapeños for that spicy edge, Sautéed Mushrooms for a savory touch, or a Fried Egg that oozes perfectly over your burger. Add Guacamole for creaminess or Extra Cheese for a richer bite-each topping is crafted to give your burger that personal edge and turn a good meal into a great one. It's these little customization options that keep customers coming back, because who doesn't love building their own perfect version of comfort food?

And of course, the **Gladiator Burger Dixie Menu** wouldn't be complete without its beloved sides, cheekily named Crowd's Sides. The Fries are crispy and golden, perfect for dipping into any of the house sauces. Cheese Fries add a creamy twist, while Bacon Cheese Fries take it even further with smoky, crunchy bacon bits that make every bite irresistible. Poutine, a Canadian classic, makes an appearance with rich gravy and gooey cheese curds-comfort food at its finest. And for those who love a satisfying crunch, the Onion Rings are a must-try-crispy on the outside, tender on the inside, and perfect alongside any burger or chicken sandwich.
