Walking through 198 Main Street in Ottawa, The Green Door Restaurant & Bakery feels like a refreshing escape into the heart of wholesome dining. As soon as you step inside, the aroma of freshly baked goods and warm, hearty dishes greets you, setting the tone for an experience that's both comforting and nourishing. The **The Green Door Restaurant & Bakery Menu** has long been celebrated among locals for its vibrant vegetarian offerings, served with sincerity and simplicity. It's not just a menu-it's a reflection of the restaurant's commitment to fresh, local, and organic ingredients that come together to create flavor-packed dishes that are as good for the soul as they are for the body.

One of the first things you'll notice about the **The Green Door Restaurant & Bakery Menu** is that it's buffet-style-though currently open for take-out only. This means you get the same variety and quality of their classic spread, but conveniently packed for you to enjoy at home or wherever your appetite strikes. Whether you walk in to order in person or place your order online for pickup or delivery, the process is smooth and friendly, mirroring the warm hospitality the Green Door team is known for.

At the heart of the menu are dishes that celebrate vegetables in all their glory. The **Broccoli Tofu Stir Fry** is one of the most loved items-a perfect blend of crisp-tender broccoli and golden tofu cubes, tossed together in a light yet savory sauce that brings out the natural sweetness of the vegetables. It's a dish that manages to feel indulgent while still being wonderfully healthy. The balance of textures and flavors is spot-on-soft tofu, crunchy broccoli, and a subtle hint of garlic that ties it all together.

Then there's the **Green Door Avocado Salad**, another crowd favorite that perfectly represents the restaurant's philosophy of fresh, simple, and deeply satisfying food. Creamy avocado slices mingle with a colorful medley of greens, offering that perfect balance of richness and freshness. It's the kind of salad that makes you forget you're eating healthy-it's that good. The dressing, light and tangy, enhances the natural flavors without overpowering

them, creating a dish that feels refreshing and complete.

For something with a little more texture and depth, the **Kale in Peanut Dressing** is an absolute must-try. The earthiness of kale pairs beautifully with the creamy, nutty dressing that clings to every leaf. This dish has become a staple on the **The Green Door Restaurant & Bakery Menu**, and for good reason. The peanut dressing adds just the right amount of richness, while the kale maintains its vibrant crunch. It's hearty, wholesome, and leaves you feeling energized rather than heavy.

Another hidden gem from the take-out selection is the **Broccoli Slaw**, a dish that looks simple but delivers layers of flavor with every bite. Finely shredded broccoli stems, crisp carrots, and cabbage come together in a light dressing that adds tang and crunch. It's perfect as a side dish or even on its own for a quick, nutritious meal. You can tell that every ingredient is treated with care-fresh, crisp, and thoughtfully seasoned.

Beyond the fresh dishes, the restaurant also offers **Frozen Entrées**, ideal for anyone who wants to enjoy the Green Door's wholesome flavors at home. These frozen meals retain the same quality and taste that the restaurant is known for, making them a convenient option for busy days. They're perfect for those who appreciate the restaurant's clean, plant-based approach but want the flexibility to store and heat their meals when needed. It's a smart way to extend the Green Door experience beyond the dining room.

And of course, no visit-or take-out order-from The Green Door Restaurant & Bakery would be complete without indulging in their sweet offerings. Their **cakes and pies** are a true testament to the art of baking with love. Each dessert feels homemade in the best possible way-rustic, comforting, and filled with real flavor. Whether it's a slice of pie with a flaky, buttery crust or a moist, perfectly balanced cake, you'll taste the quality of ingredients and the care in every bite. It's clear that their bakery section is just as beloved as their savory menu, offering the perfect sweet note to end a wholesome meal.

The **The Green Door Restaurant & Bakery Menu** stands out because it embraces simplicity without sacrificing flavor. Every dish feels intentional-crafted not just to fill you up but to nourish you. The take-out buffet format means you can mix and match your favorites, creating a colorful, satisfying plate every time. You might choose a serving of Broccoli Tofu Stir Fry alongside a scoop of Kale in Peanut Dressing and a side of Broccoli Slaw, then top it all off with a slice of cake or pie for dessert. It's a personalized feast of textures, colors, and tastes that always feels fresh and fulfilling.
